### For Christmas

For any member of your family there can be no more acceptable Christmas gift than a BANK BOOK in the GRANITE SAV-INGS BANK AND TRUST COMPANY.

serve to solve New York's great prob-

SWATTING THE FLY.

They talked of "extermination" of the housefly-speakers did yesterday at the meeting of the American Civic association in Washington, D .C., talked as glibly as if the proposition were a possible thing. Every dead fly means the destruction or possible disease spreader. Looking at the matter from that standpoint, one can conscientiously go into the fly swatting campaign. But it is idle to talk about "extermination" of the in That the "fly-fighting committee" of

the American Civic association has been doing diligent work toward the lessening of the pest is indicated by its report that 200,000 pieces of "literature" were printed and circulated during the past year, and that as a result of those efforts campaigns were inaugurated in many parts of the country. For instance, Baltimore slew 15,000,000 files in one year and Washington, D. C., made way with 6,386,600, that is, the known count was that. How many various and sundry unenumerated slanghters there were is not known. But those numbers are infinitesimal as compared with the total fly life of the country, or even or one city; and it makes apparent what a hopeless task lies ahead of the "fly swatting" campaign of "extermination." At the same time, remember that every dead fly is a lessening of human ills and

keep up the "swatting."

The perplexing question "What shall I give for Christmas' is wisely answered by people who have adopted the method of presenting a savings account to children, relatives and friends.

State Master C. F. Laws Classified in Pamphlets.

The secretary of state has made it onvenient for any man to consult the statutes of Vermont, by classifying them and printing each class in separate pamphlets.
